

International Intern Program at MBUSI (Mercedes-Benz US International Inc.)

Announcement

The international intern program at MBUSI is designed for international applicants. In contrast to our local intern program, the international program offers 6 months internship spots for enrolled students. MBUSI does not offer any vacancies for graduates / recent graduates. Students with good German skills are often preferred by the recruiting departments.

Internships are generally offered in the following departments:

- Engineering (Assembly Planning, Equipment Planning, Body Shop Planning, MPS)
- Quality
- EVS (Entwicklungsverbindungsstelle = Development Liaison)
- Service Parts (Aftersales)
- Finance (Controlling, Accounting, Plant Strategy & Performance)
- Supply Chain
- Human Resources
- Purchasing (IPS)

Applications have to be submitted at least 6 months prior to the preferred start date. They have to include a motivational letter, a CV, transcript of records, working references, availability and the preferred department(s).
